

Re: RFI #: 039/2024 Solutions in the field of Digital Twin applications

For NTA – Metropolitan Mass Transit System Ltd (hereinafter: "NTA")

For NTA – Metropolitan Mass Transit System Ltd (hereinafter: "NTA")

Clarification Notice no. 4

1. Following the publication of the RFI documents under consideration, attached hereto are NTA's answers to Participants' clarification questions, as well as amendments and clarifications to the RFI documents, as specified in **Appendix A**.
2. It is hereby clarified that the phrasing of the questions below may not necessarily be identical to the phrasing used by those who addressed NTA, and not all questions are necessarily answered. Additionally, it is clarified that certain questions may have been asked by more than one Participant, and therefore the response shall refer to the phrasing used by one of the Participants.
3. All clarifications, changes, and amendments specified in this Clarification Notice shall be considered part of the RFI documents, and shall prevail over any previous statement in the RFI documents and/or in earlier notices made by NTA. Each Participant submitting a response to the RFI shall be deemed to have agreed to the changes mentioned in this Clarification Notice and its appendices, whether attached to the response or not.
4. Unless stated otherwise, all terms and conditions specified in this Clarification Notice shall be interpreted as stated in the RFI documents.
5. Any verbal or written interpretation, by anyone on behalf of NTA or its Tender Committee, in any forum or manner whatsoever, shall not bind NTA. The only changes to the provisions of the RFI documents, as well as all interpretations and clarifications thereof, are those provided in this Clarification Notice and in further clarification notices that NTA may publish, at its sole discretion.
6. All Participants are required to have this notice signed by their authorized signatories and attach it to their response.
7. The provisions of this Clarification Letter do not modify or detract from the provisions of the RFI documents unless expressly stated otherwise.

With Regards,

NTA – Metropolitan Mass Transit System Ltd.

Appendix A

No.	Reference to the RFI documents	Question / Request	Answer
1	ANNEX A - RESPONSE TO THE RFI	Annex A, which the proposal should be submitted on, is locked against editing, and does not allow changing the font or adding illustrations / pictures / drawings / long text. Is it possible to receive Annex A in an unlocked version? If not, is it possible to submit a Word file prepared by the responder in the same format as Annex A, in order to insert more relevant information for each section, including pictures and diagrams?	No. the Response to the RFI should only be submitted on Annex A. However, additional files may be attached to the Response (including text files, images, diagrams, videos, etc.), and referred to in Annex A.
